

Saleswomen's Peril

GRAVE DISEASES, DUE TO STANDING
Facts About Miss Merkle's Dangerous
Illness and Complete Cure

Have you ever thought why so many
women or girls rather walk an hour
than stand still for ten minutes?

It is because most women suffer from
some derangement of their delicate
organism, the discomfort of which is
less trying when they are in motion
than when standing.

In some states laws compel employers
to provide resting places for their
female employees.

But no amount of law can regulate
the hard tasks of these women. They
must get the strength which this work
demands or run the risk of serious
diseases and the surgeon's knife.

Read about the experience of Miss
Margaret Merkle, 275 3d Street, Mil-
waukee, Wis.:

Dear Mrs. Pinkham:—
"Gradual loss of strength, nervousness,
dressing-down pains and extreme irritation
compelled me to seek medical advice. The
doctor said I had ovarian trouble and eler-
ation of the womb, and advised an operation
if I wanted to get well. I objected to this
and decided to give Lydia E. Pinkham's Vege-
table Compound a trial. I soon found that
all the good things said about this great
medicine were true. The ulceration soon
healed, backache, headache and nervousness
disappeared, and in a short time I was
strong, vigorous and perfectly well. I wish
every working girl who suffers would try
Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound
is a vegetable tonic which invigor-
ates and strengthens the entire fe-
male organism, and will produce the
same beneficial results in the case of
any sick woman as with Miss Merkle.

LaGrippe and Pneumonia.

Pneumonia often follows la grippe
but never follows the use of Foley's
Honey and Tar. It cures la grippe
coughs and prevents pneumonia and
consumption. Ask for Foley's Honey
and Tar and refuse any substitute of-
fered. Mr. G. Vacher, of 157 Osgood
St., Chicago, writes: "My wife had a
severe case of la grippe three years
ago, and it left her with a terrible
cough. She tried a bottle of Foley's
Honey and Tar and it gave immediate
relief. A 50 cent bottle cured her
cough entirely." Refuse substitutes.

A Certain Cure for Croup.
When a child shows symptoms of
croup there is no time to experiment
with new remedies, no matter how
highly they may be recommended.
There is one preparation that can al-
ways be depended upon. It has been
in use for many years and has never
been known to fail, viz: Chamber-

McDAVID

Special to The Journal.

McDavid, Dec. 4.—For the general
living up of business we are glad
to report our little town not at all
behind. Everything and everybody
seems to be putting on a new spirit
of life and prosperity.

The hard road is at last being put
through and we, who have so long felt
the need know well how to appreciate
its advantages.

Mr. Bob Bonifay of Dixie, Ala., was
a business visitor here the first of
the week.

Mr. J. E. Bowman and Mr. S. B.
Davis were attendants at the meeting
of the Masonic Lodge at Bluff Springs
last Saturday.

Mr. R. L. McDavid, mail clerk of
the Yellow River R. R., with his wife
and family, are spending a well earn-
ed vacation with his parents, Mr. and
Mrs. D. T. McDavid.

After a stay here of some few
weeks Mrs. D. F. Parker, formerly of
Pensacola, left Sunday for Oakdale,
La., where she is to join her husband
and where they will make their fu-
ture home.

Mr. A. Skerritt arrived Tuesday and
is the successor to Mr. O. K. Bowman
who has been railroad agent here for
something over two years. Mr. Bow-
man has now accepted a position as
telegrapher at Flomont.

Mr. Phil G. Caro and mother, of
Pensacola, were visitors here last
Sunday, and returning with them on
the afternoon train was Mrs. Caro
who has been here with her parents
Mr. and Mrs. J. A. McDavid since the
fever scare began in August.

Mr. Thos. Bowman returned to Pen-
sacola Saturday after a delightful two
weeks vacation spent at home.

Messrs. J. D. Baggett and T. J.
Cushion of Altmore were Thanksgiving
guests at Mr. L. C. Brewton's.

Mr. W. Davis is at Thomaston
visiting relatives this week.

Mr. L. Boley and Mr. C. Kruger
both of Pensacola, were out Wednes-
day looking after the interests of their
lands and timber.

It is announced that Rev. J. J. John-
son, a revivalist of Pratt City, will
be here on Dec. 9 to begin one of his
usual good meetings at the Bogie M.
E. Church. Every one knows what
that means and will give "Brother
Joe," as he is familiarly known, a
grand welcome. There will be two
sermons on Sunday and refreshments
will be served on the grounds. Every-
one is invited to attend.

Grip Quickly Knocked Out.

"Some weeks ago during the severe
winter weather both my wife and my-
self contracted severe colds which
speedily developed into the worst kind
of la grippe with all its miserable
symptoms," says Mr. J. S. Eggleston of
Maple Landing, Iowa. "Knees and
joints aching, muscles sore, head stop-
ped up, eyes and nose running with
alternate spells of chills and fever.
We began using Chamberlain's Cough
Remedy, adding the same with a dose
of Chamberlain's Stomach and Liver
Tablets, and by its liberal use soon
completely knocked out the grip."
These Tablets promotes healthy action
of the bowels, liver and kidneys which
is always beneficial when the system
is congested by a cold or attack of the
grip. For sale by all druggists.

An Emergency Medicine.

third the time required by the usual
treatment. Sold by all druggists.

SEABOARD'S LINE
TO BOCA GRANDE

**IMPORTANT RAILROAD BEING
BUILT TO DEEP WATER
GULF PORT.**

The last issue of the Zolfo Adver-
tiser contained the following relative
to a new line being built by the Sea-
board Air Line to the port of Boca
Grande.

While the eyes of the whole world
are directed to the stupendous under-
taking of Henry M. Flagler in build-
ing his Key West extension, a rail-
road of vastly more importance to this
part of the Florida is being built com-
paratively unnoticed. The Seaboard
Air Line, one of the largest and best
railroad systems in the south, is lay-
ing its tracks to Boca Grande, where
its southern terminus will be. When
this extension is completed the S. A.
L. will have one of the best deep
water harbors on the entire Gulf
coast, the depth over the bar being
nearly 30 feet, and Charlotte Harbor
bay forming a natural and perfectly
protected harbor large enough to ac-
commodate the largest number of ves-
sels ever assembled in any southern
port. This extension together with
the opening of the Panama canal gives
to Gulf ports is sure to build a city
at Boca Grande on Gasparilla Island
that will rival any of the Gulf cities.
This city of the future will be partly
in DeSoto and partly in Lee counties
the dividing line of the two counties
crossing Gasparilla Island about mid-
way. The island is a narrow strip
of land between the Gulf and Char-
lotte Harbor bay, and aside from its
commercial importance as the termin-
us of a big railway system and being
located on a great natural harbor, this
city to be would make the ideal win-
ter resort. Its beautiful beach wash-
ed on one side by the blue waters of
the Gulf and inclosing on the other
the bay, already renowned as the
world's greatest tarpon fishing
ground, within easy reach of the vast
hunting grounds in the wilds of Lee
county, and at the same time combin-
ing all the advantages of main-
land life, what place can appeal more
strongly to the recreation and sport
loving Yankee?

The men of eighty-five and ninety
years of age are not the rotund well
fed, but thin spare men, who live on
a slender diet. Be as careful as he
will, however, a man past middle age,
will occasionally eat too much or of
some article of food not suited to his
constitution, and will need a dose of
Chamberlain's Stomach and Liver
Tablets to cleanse and invigorate his
stomach and regulate his liver and
bowels. When this is done there is
no reason why the average man should
not live to old age. For sale by all
druggists.

BREWERS PRAISE

THEIR PRODUCT.

Washington, D. C., Dec. 3.—Officials
here of the great temperance organiza-
tions of the country, including the
W. C. T. U., are taking deep interest in
the attitude fostered by the brewers,
and sustained by facts and opinions
of eminent physicians, that beer is
really a temperance beverage as well
as an article of food, deserving the
good will of the temperance people of
the United States. Figures recently
presented by the large brewers of the
country to the President, showing that
beer contains only about 3 1/2 per cent.
of alcohol, far less than plain cider,
and that its alcoholic contents are so
small as to really prevent it being
ranked in that class of drinks, have
gone far toward removing prejudices
and erroneous impressions in the
minds of leading temperance advo-
cates. Members of Congress now ex-
press the opinion that there will be
less severe opposition on the part of
the W. C. T. U. to replacing beer in
the army canteen than heretofore, due
to the removal of misconceptions that
have long existed. Conspicuous army
officers, including General Chaffee
and General Fred D. Grant, have all
urged that beer again take a place in
the canteen, as a promoter of tem-
perance and morality in the army.

Following these things come reso-
lutions just adopted by the State
Brewing Associations of New York
and Kentucky, in annual convention,
asserting that alcoholism is almost
unknown in European countries where
malt beverages are largely consumed;
that Switzerland and other European
governments discriminate between
malt drinks and ardent spirits by
heavily taxing the former and exempt-
ing beer altogether; that such should
be the policy of the government of
the United States, and the temper-
ance people; that beer is a diet of
the working people and other classes,
recognized by physicians of world-
wide reputation as possessing more
strength-building properties than any
similar drink; appealing to the law-
makers of the country to make suit-
able discrimination in our own laws,
urging temperance advocates inclined
to fairness to study beer, demanding
that beer, instead of being classed as
a liquor shall be regarded as a pure
food, and willingly asking Congress to
adopt such pure food laws as will in-
sure against any impurity in any
direction in the product.

Such an attitude on the part of the
brewing industry is naturally attract-
ing widespread attention in and out
of the temperance world.
